QA	Patrick Cook

Project Description:

Our team, Team Costco, will be developing a web-based survey tool as specified by the client.

Questions for the Client:

1. Who will be using this project?
  - a. Will you use it for your own polling purposes, or will third parties be conducting polling?
2. What features are required?
  - a. Hosted or local?
  - b. Priority features?
  - c. What needs do you have that are not met by existing offerings?
3. How stable are your requirements?
